

## **2012 MONTANA JAYCEES CHAIRMAN OF THE BOARD**

It was an honor to serve as you 73<sup>rd</sup> State President of the Montana Jaycees 2011. I look forward to a great year head working with the 2012 Montana Jaycee team.

I became a member of the Havre Jaycees in 2000. I showed up to a few projects and found out it was pretty fun. I have had a chance to meet some real great people through this organization. I have held many offices on my local board, including chapter president 2006. I have served on the state board as the Membership Vice President 2007, Community Vice President 2008, and the Chaplain 2009. In 2007 I was awarded the state award, Gary Meyer Excitement Award. I was the state Executive Vice President in 2010.

I have several projects that I enjoy, one of my favorite projects is the Haunted House. It was one the first project that I ever chaired. I was a fairly new member of the Havre Jaycees when I was asked to chair this project. I jumped into the project and it was quite an overwhelming project but it was very rewarding. I also completed my first CPG (chairman planning guide). My Haunted House CPG placed #1 at the state level and was sent on to place # 4 at nationals. I also really like the Easter Egg Hunt, mainly because Easter is my favorite holiday.

I have been married to Andy Owens for 17 years. We have two boys, Hondo, 13 and Clint, 9, both of our boys are active Junior Jaycee members. They enjoy being active in our home chapter actives as was as around the state. I enjoy being involved in the Jaycee organization. I want to share this organization with others. There are many advantages to being a Jaycee. Being a Jaycee has 100% of what you want to take out of it. I hope that you will join me in sharing all that Jaycee's has to offer across the state and in your chapters.

I am looking forward a great year.

In Jaycees,

Christy Owens
